

**MODUM**  
cosmetic factory

MODUM is a leading Belarusian company producing oral care products and cosmetics for adults and children. We create affordable and effective solutions that improve quality of life and keep our promises. MODUM stands for outstanding innovations that have no analogues among other Belarusian manufacturers.

Our breakthroughs include:

- The first hydrogel patches featuring traditional Belarusian symbols—»Лен» «Василек» «Картошка»
- The cosmetic line VALOSHKI. BLUE TREASURE
- The 2023 bestseller MODO Cringe edition the vibrant shower gel series
- The line MODUM Profage – for women who embrace their age with confidence
- Therapeutic and preventive Wunderdent toothpastes
- The code to a healthy smile – the series 32 Pearls
- A new frontier in oral care – the premium toothpastes ODENTA ART

Bold, creative ideas are implemented by MODUM's own Research & Development Center.

We ensure strict quality control at every production stage, supported by our physicochemical and microbiological laboratory, accredited by Belarus' State Standardization System.

MODUM's production is certified according to:

- GMP ISO 22716
- STB ISO 9001 2015

We are cruelty free and do not test on animals.

ODENTA – A Dream, Art, Pleasure, and the Power of a Radiant Smile

On average, a person spends around 70 days of their life brushing their teeth. ODENTA transforms this daily routine into a luxurious experience.

ODENTA's premium toothpastes are the result of years of research and innovation by our in-house Scientific Research and Development Center. Our scientifically backed, truly safe formulas ensure both effectiveness and oral health.

We value our collaboration with dentists who support ODENTA and share our vision of educating the community about products that promote holistic health, well-being, and pleasure.

Committed to ethical principles, ODENTA's products are not tested on animals and contain no animal-derived ingredients.

 Triple Protection

Hydroxyapatite restores micro-cracks in tooth enamel. Sodium pyrophosphate prevents the plaque formation and slows down the rate of tartar formation. A peppermint essential oil and menthol freshen breath, and have a tonic effect on gums.

Sodium monofluorophosphate strengthens tooth enamel and has an anti-caries effect. Oak bark extract has an astringent effect, strengthens and tones up the oral mucosa and gums. Menthol and a peppermint essential oil refresh the mouth.

Sage and strawberry extracts have a protective effect, soften and soothe the mucous membranes. Hydroxyapatite promotes remineralization of tooth enamel. A peppermint essential oil provides freshness of breath.

An oak bark has an astringent effect, strengthens and tonifies the gums. Active calcium replenishes the mineral deficiency. Peppermint and menthol essential oils freshen breath.

This is a story about the cult of personal care, love and bestowing the best to oneself.

And this best is created for you!

The line is based on the Peptilium biopeptide complex with proven efficiency (France), which: stimulates collagen synthesis by 54%, restores epidermis thickness by 100%, provides skin radiance and increases cell proliferation by 86%.

# PRO RETINOL<sup>+</sup> 12S VITAMINS

Vitamins are necessary for skin at any age.

Dermatologists recommend to keep skin vitamin and mineral balance both inside and outside for maintaining its beauty and health.

Therefore, we have developed Pro Retinol (vitamin A) line with a complex of 12 vitamins (C, E, D, B1, B2, B3, B5, B6, B7, B9, P, F).

B147-105

8 pcs/ctn

4811230025499

### Cleansing Gel

Pro Retinol + 12 Vitamins

Suitable for all skin types and intended for gentle, but effective daily removal of skin impurities and make-up. Active Pro Retinol complex and 12 vitamins help to activate renewal processes, stimulate collagen synthesis, moisturize and oxygenate cells. Suitable for daily use.

B147-102

25 g

20 pcs/ctn

4811230025543

### Eye Filler

Pro Retinol + 12 Vitamins

Suitable for all skin types. Reduces puffiness, fatigue and stress signs, moisturizes deeply and controls age-related changes. Caffeine reduces swelling, dark circles, fatigue and stress marks, increases skin tone and tightness. Hyaluronic acid moisturizes skin, increases firmness and elasticity and makes it smoother and more radiant.

B147-201

75 g

40 pcs/ctn

4811230025550

### Revitalizing Face Mask

Pro Retinol + 12 Vitamins

Suitable for all skin types. Smoothens, nourishes and regenerates skin, provides healthy facial complexion and promotes cell renewal. Pro Retinol + 12 Vitamins moisturize skin, remove dryness and exfoliation, even out skin tone and contour and help to smooth fine wrinkles. They activate renewal processes, improve skin oxygenation and protect from premature skin aging.

B147-106

50 g

16 pcs/ctn

4811230025505

### Normalizing Facial Fluid

Pro Retinol + 12 Vitamins

Intended for oily and combination skin. Creates a matte skin effect, reduces oily sheen and stimulates collagen synthesis. Zinc PCA mattifies and contracts pores, helps to control acne and post-acne marks. Salicylic acid regulates sebum production, lightens blackheads and evens out skin tone and contour.

# VALOSHKI

# DISPOSABLE UNDERPADS

## EMBOSSED UPPER LAYER

Delicate hydrophilic material is water-permeable and keeps surfaces contacting with skin dry

## DISTRIBUTING LAYER MADE OF MEDICAL PAPER

Responsible for uniform moisture distribution and maintaining the integrity and uniformity of the absorbent layer

## ABSORBENT LAYERS

Quickly absorbs and retains liquid inside as a gel while neutralizing odour. It is a mixture of cellulose and SAP

## PAPER LAYER-BASE

Preserves the integrity of the absorbent layer, increases the film strength, prevents the product from wrinkling

## INSULATING LAYER (FILM)

Durable, breathable material with a microporous surface prevents leakage but allows air to flow freely

DRY DAY  
SUPER, 60×90

DRY DAY Super are designed to provide additional protection for bed linen, beds and other surfaces, as well as during diaper changes and hygiene procedures. The upper layer is made from a soft, hydrophilic non-woven material to keep the skin dry and clean. The inner absorbent layer consists of 100% cellulose and **Super Absorbent Polymer (SAP)**, which turns the liquid into a gel. The lower insulating layer is made of breathable polyethylene, which provides protection against leaks and allows the skin to breathe.

STANDART 60X40

Absorbent pads for pets are made of a soft, pleasantly tactile non-woven material. The special embossing of the upper layer instantly lets moisture through. The pad surface always remains dry, carefully protecting pet skin and hair. The pad structure and composition prevent the appearance and spread of unpleasant odours. The water-proof base reliably protects the floor, furniture and the bottom of the carrier from moisture, inevitable dirt, scratches and hair.
